

Olli Salmi, Research Professor

Olli Salmi works as Research Professor in Industrial Ecology and Recycling Technologies at VTT. Professor Salmi focuses on the development of resource efficiency, particularly on the basis of cross sectorial solutions and industrial symbiosis. Salmi has more than 10 years of experience on sustainability research, planning and development, both in the urban and industrial contexts. Prior to joining VTT, Professor Salmi worked in the private sector within sustainable urban planning in China and in Finland.
