

Inspecta Sertifiointi Oy has granted this certificate as proof that the environmental management system of

VTT Group Espoo

complies with the requirements of the standard

ISO 14001:2015

Certification covers

Research, new technology development, technology transfer and commercialization. Maintenance and development of national measurement standards, establishment of internationally recognised traceability to the SI, metrology research and calibration services. Manufacturing of devices for micro-, nano- and optoelectronic applications, wafer processing subcontracting services and facility maintenance (certified companies and sites in the annex).

The certificate is issued on 2018-01-01
(Original certificate 2014-01-16)
The certificate is valid until 2020-05-01.

Mikko Törmänen, Managing Director

The certificate is valid on condition that the environmental management system of the organization remains in compliance with the aforementioned standard and the General Regulations ABC 200. The validity of the certificate can be verified on the Internet at www.inspecta.fi
