

MODER workshop “Design tools and processes for building renovation and energy transition at district level”

Date: 2 March 2017, Utrecht

Location: ANNE, Veemarktplein 41, Utrecht

Morning programme (9.30-12.30)

1. Erik Alsema, W/E – *Welcome & Introduction*
2. Leo Brouwer- National Expertise centre Heat, Netherlands Enterprise Agency (RvO-NEW), *The role of heat supply in the energy transition for the Netherlands*
3. Dietje van Eif, Municipality of Utrecht, *City districts on the transition path to an energy supply without natural gas*
4. Steven van Polen - PBL Netherlands Environmental Assessment Agency, *Vesta, spatial energy model of the heat supply of the built environment in the Netherlands*
5. Wim Mans, Innoforte - Experiences with heat transition in a Dutch city: modelling with Caldomus and multi stakeholder governance

Break: 10.45-11.00

6. Laure Itard, Delft University of Technology, *Energy consumption in dwellings – theory and practice*
7. Anna Gralka, DEMO BV, *P2Endure project, Plug-and-Play product for deep renovation.*
8. Jyri Niemenin, SWECO, *The MODER project – Design tools for refurbishing of buildings at district level*
9. Erik Alsema, W/E - *GPR Real Estate as a tool to develop transition scenarios for city districts*
10. Arthur Lippus, ANNE- *Experience centre for Zero-on-the-Meter dwellings*

Lunch: 12.30-13.30

Afternoon Programme - Site visits

14.00 – 15.00 Zero Energy renovation of multifamily building, “Flat met Toekomst”, Camera Obscuradreef, 3561 XK Utrecht (Mitros)

15.30 -16.30 Zero Energy renovation of multifamily building, Samuel van Houtenweg, 3732 BR De Bilt (SSW)

List of attendants (status 24-2-2017)

MODER project:

Erik Alsema, W/E, Netherlands
Jyri Nieminen, Sweco, Finland
Kari Nöjd, Sweco, Finland
Albert Andersson, Sweco, Finland
Vladimir Danov, Siemens AG, Germany
Sebastian Thiem, Siemens AG, Germany
Eike Budde, Fraunhofer IBP, Germany
Heike Erhorn-Kluttig, Fraunhofer IBP, Germany
Jussi Puranen, FinnEnergi Oy, Finland
Tamara Beridze, REM PRO, Latvia
Ruslans Rodionovs, REM PRO, Latvia
Dieter Moor, Ertex Solar, Austria
Jure Eržen, LEAG, Slovenia
Anton Marc, LEAG, Slovenia
Marjana Šijanec Zavrl, GI ZRMK, Slovenia
Henrik Gjerkeš, GI ZRMK, Slovenia
Tarja Hakkinen, VTT, Finland
Jaakko Ketomäki, VTT, Finland

Guests from The Netherlands

Dietje Van Eif, Municipality of Utrecht
Laure Itard – Delft University of Technology
Leo Brouwer- National Expertise centre Heat (RvO-NEW)
Steven van Polen - PBL Netherlands Environmental Assessment Agency
Wim Mans – Innoforte
Arthur Lippus, ANNE
Geurt Donze, W/E adviseurs
Jappe Goud, W/E adviseurs
Chiel Boonstra, Trecodome
Anne Gralka, Demo BV
Judith Wolswinkel, Demo BV/TUD
Simone Coccato, Utrecht University
Bart van der Ree, Sustainability

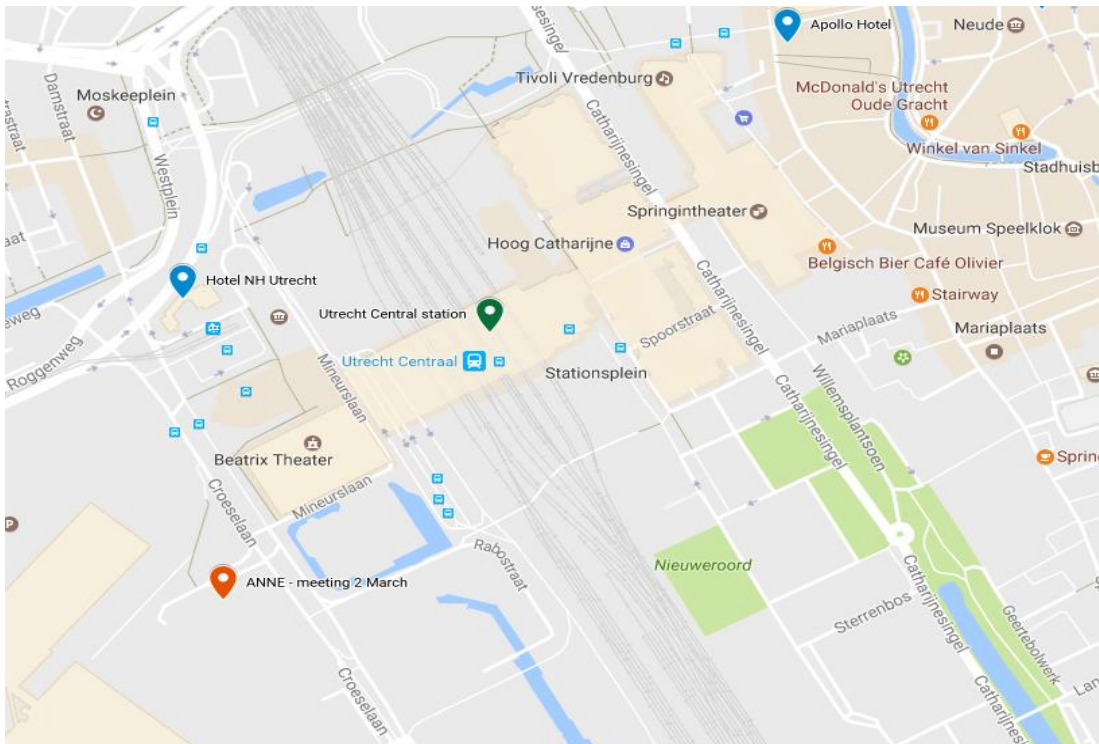

MODER

Meeting venue

ANNE Veemarktplein 41, 3521 BD Utrecht
